

Discover why Bruce Stevenson is  
**The Number 1 Insurance Advisor**  
to the UK Renewable Energy  
and Power Sector.

**BRUCE  
STEVENSON**  
INSURANCE BROKERS 

# Who we are.

With more than 25 years experience within the sector, Bruce Stevenson is the recognised 'Broker of Choice' within the UK Renewable Energy industry. Our time-served expertise allows us to provide effective and bespoke insurance solutions over a broad range of projects and technologies.

We maintain our market leading position by working closely with specialist firms, stakeholders and investors within the industry and in the past few years have advised and insured in excess of 1GW of installed capacity. Our client spectrum ranges from farmers and community groups to large scale funders and investment organisations.

Bruce Stevenson are independent insurance brokers, with offices in Edinburgh, Glasgow, London, Borders and Aberdeenshire. We work with global insurance providers and can advise on and arrange cover for Renewable Energy and Power projects throughout the UK.

# What we do.

With the largest insurance broker team in the UK dedicated to the Renewable Energy industry, our specialists put our clients needs front and centre in their approach to finding the most appropriate solution for an individual project.

Whether this is already operational or due to be constructed, we are well versed on advising investors, professionals, consultants and banks within the following technologies;

- Onshore Wind
- Solar (ground mounted and roof)
- Battery Storage
- Wave & Tidal
- Hydro
- Biomass & Anaerobic Digestion
- Capacity Market
- Hydrogen Storage

## People say the nicest things.

Please don't take our word for it. We believe that our clients are the best advocates for our abilities.

"It's vital to deal with people who fully understand the Renewables Sector and the technology involved. Without question, Bruce Stevenson do."

[James Norrie, Cairnhill Windfarm](#)

"The Bruce Stevenson team provided an excellent service in pulling together the insurance requirements for our project."

[Mike Girvan, Corrimony Wind Farm](#)

"We trust the advice and structure provided by the Bruce Stevenson team on all our deals."

[James Sutcliffe, Close Leasing](#)

"The BSIB claims team showed great commitment in achieving a successful outcome in a difficult and complex contractual dispute."

[Nick Story, Granville Ecopark](#)

# Why Bruce Stevenson?

Our commitment to excellence and professionalism is demonstrated by our Chartered status. To put this into context, less than 10% of the insurance broking industry can say that they are Chartered Insurance Brokers.

We have our own in-house Technical Consultant, Gary Bratt who is able to provide us with in-depth understanding and analysis of whatever project you are involved with. We have discovered that it pays dividends to have this level of expertise involved at the beginning of the insurance process, allowing us to provide a more informed evaluation of requirements.

Bruce Stevenson has access to the full market of insurers, provides free claims handling and have secured over £15m loss of revenue payments from insurers in the past 3 years alone.

As a business we have extensive experience of working with Solicitors on associated legal documentation and agreements. We actually believe only 20% of our time is spent placing insurance cover, the remainder is providing technical engagement to our clients and their professional advisors.

We are committed to the future growth of the Renewable Energy sector in the UK and are members, advisors and active participants to the British Hydropower Association and Community Energy Scotland.
