

‘Broker of Choice’ to the Third Sector.

**BRUCE
STEVENSON**
INSURANCE BROKERS

At Bruce Stevenson we recognise that no two charities are the same. Whether it's a social enterprise, community interest company or trust, each organisation has its own set of priorities, values & objectives and it is crucial that the placement of the insurance programme reflects this.

Our dedicated team understand the third sector along with the challenges and risks that many non-profit organisations face. That's why we tailor our approach to the customer and not the insurer. Our tender documents are carefully prepared to meet the needs of the organisation in order to satisfy the concerns of both trustees and the management team.

Additionally, as part of our tender process, we go beyond simple pricing to align the values of an organisation to an insurer – equality & diversity, ethical trading and environmental policies to name but a few.

Our tailored services include:

- Trustees Indemnity
- Employment Practices Liability
- Cyber & Crime
- Property
- Professional Indemnity
- Pension Trustee Liability
- Revenue Protection
- Corporate Liability
- Legal Liabilities
- Abuse
- Medical Malpractice
- Legal Expenses
- Risk Management including surveys and risk reports

What Sets Us Apart?

As Scotland's largest independent insurance broker, we have over 25 years of experience covering a wide range of specialist areas. Our knowledge and expertise enable us to identify the risks that our clients face and present viable insurance options.

Our health-check programme allows us to conduct a full review of the current insurance programme and provide a subsequent report detailing any inefficiencies, gaps or onerous conditions. It's not our aim to pick holes, where we identify an issue, we will always look to present a solution.

With over 100 staff across offices in Edinburgh, Glasgow, Turriff, London and the Scottish Borders, Bruce Stevenson Insurance Brokers commits to donating 2% of its annual profits to its nominated charity of choice.
